

## **The Fearington Concert Series**

The Fearington Concert Series features artists from around the country, from baroque ensembles to string quartets, wind groups and pianists. Among these talented performers was the Russian Duo, the latest in our series. The musical team of Oleg Kruglyakov and Terry Boyarsky treated us to an afternoon of traditional Russian music and transcriptions of favorites from around the world.

Oleg is a balalaika virtuoso, who could call forth colors and sounds that seemed impossible on a three-stringed instrument. His mastery of his art form was only matched by his sense of humor and playful engagement with the audience.

Terry, a pianist, was his perfect partner and a fine musician in her own right. As a concert choice, the Russian Duo entertains and enthralls. Our audience was delighted and called for an encore.
