RECOMMENDATION FOR RUSSIAN DUO

Terry Boyarsky and Oleg Kruglyakov, aka *Russian Duo*, are a brilliant team, both as performers and as educators. They are dynamic, exciting, and thoroughly grounded in knowledge and educational skill, making them unique ambassadors. I am extremely pleased to recommend that they be afforded the opportunity outlined for their proposed trip to Ukraine and Russia.

Russian Duo brings great passion and discipline to the table, coupled with skill, musicality, intellectual rigor and curiosity. Given their background, the opportunity to work and study abroad would be a superb fit. They are personally delightful, being thoroughly professional, inspired, intelligent, and very personable.

Clearly, Russian Duo would benefit greatly from this unique chance to study with Maestro Blinov, and their audiences everywhere in turn, would be enriched.

Please give Russian Duo your closest consideration.

Sincerely,

Robert Spano
Music Director
